

# THE COOPERS' COMPANY AND COBORN SCHOOL

(An Academy specialising in Sports, Humanities and Training)

Headteacher: Mr D J Mansfield MA (Cantab.) MBA

1701 - 2001

St Mary's Lane, Upminster, Essex RM14 3HS

Tel: 01708 250500 (School Office) Fax: 01708 226109 Email: [info@cooperscoborn.org.uk](mailto:info@cooperscoborn.org.uk) Website: [www.cooperscoborn.org.uk](http://www.cooperscoborn.org.uk)

To whom it may concern

South Essex Electrical Ltd

I'm pleased to be able to provide a reference for Keith Hurrell and his company, South Essex Electrical Ltd (SEE).

humanities

SEE has been associated with the School for almost 20 years and during that time has provided electrical maintenance in a number of forms as well as assistance to our IT Department.

The electrical maintenance has been principally in the area of planned and reactive maintenance of the School's electrics including the day-to-day repairs of lighting, power points etc. In addition, they have undertaken the replacement of electrical panels and the installation of electrical wiring for computer suites. However, SEE has also installed a main intake panel, switchgear and sub main cabling and they have maintained and serviced our all-weather pitch floodlighting.

The assistance provided to our IT Department comprises the installation of CAT 6 and fibre-optic cabling with the necessary splicing and termination that these installs require.

SEE's pricing is always extremely competitive and there is no part of the School's electrical systems that I would not entrust to their care. I have always found them extremely accommodating and helpful and would recommend them to you.

Yours sincerely

J S Hogan
